

St. Martin Parish School District

Student Progress Center

Student Progress Center

The **Student Progress Center** allows parents to view their child's attendance, conduct, discipline, grades, progress reports, and transcripts (high school). Parents must first register with the school by filling in and returning the student and parent information worksheet, which was sent home with students in the first week of school. If you have not filled in and returned this form, you should check with your school secretary and do so now. That worksheet includes the parent's names, addresses and phone numbers. The mailing address for each parent who wishes to register with the Parent Command Center is required, including the zip code.
